DIARY NOTES

DD/S

21 April 1960

- 25X1A6a 1. I spent the morning participating in a briefing for Bob Macy, Frank Ecker and Ben Ellington, Bureau of the Budget, on the "Base Development Plan [REDACTED]" (On 22 April Bob telephoned to say that they had reached a position on our proposal to convert the structures [REDACTED] to permanent construction. This position can be summarized as follows: (a) If we have decided that we do need a permanent base of this kind they agree that [REDACTED] is a good place and that the time has come to convert it to permanent construction; (b) while they would have no objection to spending a little bit of money for some planning, they feel that we should "touch base" with the appropriate committees of the Congress prior to letting any actual contracts; (c) they believe that the decision to convert [REDACTED] should be considered jointly with the question of whether we should deactivate [REDACTED]. I explained to him that as of 22 April the Director had decided not to give up [REDACTED] upon he commented that he would not insist that this be a part of our consideration. In this connection, however, he said that the Bureau would continue to be interested [REDACTED] and suggested that we look over the [REDACTED] area carefully to see if there were another place which could be provided [REDACTED]

- 25X1A9a 2. I met with Dick Bissell and [REDACTED] to discuss Gordon Stewart's successor. After a rather full discussion of the possible candidates it was agreed that unless [REDACTED] were interested in becoming the Director of Personnel, [REDACTED] would be endorsed as the DD/P and DD/S candidate for this job. They did not believe that DD/I had any candidates worth considering. [REDACTED] undertook to explore the matter with Norman and to advise me as to his reaction. (He telephoned me on 22 April to say that Norman did not wish to be considered and that DD/P, therefore, was ready to endorse [REDACTED] as their candidate. He also said that they would like to explore the possibility of nominating a deputy for [REDACTED] and I agreed to hold the position open for a reasonable length of time for this purpose. I also discussed this subject with Lyman Kirkpatrick who will endorse [REDACTED] or this job. He, in fact, believes that it would be better to have [REDACTED] assuming that he takes this job for the long pull, than it would be to have a DD/P candidate.)
